<b>Acquisition of specialty competences evidenced by WPBAs and ES report</b>		20%	50%	70%	85%	100%

<b>Attendance at meetings, courses</b>	Attendance 65% of regional specialty study days	Attended a specialist training course (b)  Attendance 65% of regional specialty study days	Attended a specialist training course (b)  Attended both an annual DUK and BES meeting.  Attendance 65% of regional specialty study days	Attended an appropriate meeting (c)  By this stage, attended specialist training courses in both Endocrinology and Diabetes Mellitus.  Attendance 65% of regional specialty study days	Continued attendance at national meeting and regional specialty study days  Management course
<b>Supportive evidence</b>	Documentary evidence of additional courses, research and audit activity	Documentary evidence of additional courses, research and audit activity	Documentary evidence of additional courses, research and audit activity	Documentary evidence of additional courses, research and audit activity	
<b>Educational Supervisor's Report</b>	Satisfactory	Satisfactory	Satisfactory	Satisfactory	Satisfactory
<b>Multiple Consultant Report (MCR)</b>	4 - 6	4 - 6	4 - 6	4 - 6	4 – 6

**Notes:**

- (a) By this stage, most sub-specialty areas should have been covered, with evidence demonstrated of competence across the majority of common areas of practice in both Endocrinology and Diabetes Mellitus
- (b) Attended a specialist training course in Endocrinology or Diabetes Mellitus, run by one of the Royal Colleges of Physicians or Specialist Societies
- (c) Attended either annual DUK or BES meeting (or alternatively a major international Endocrinology or Diabetes Mellitus meeting) during previous year

The order in which competencies are gained will depend on the individual training programme and will be determined by the programme director for each trainee.

\* Not a mandatory assessment method
